Help make a lasting difference
by remembering the British Thyroid Foundation in your Will

Every gift, large or small, will help us to help others. From volunteering to fundraising, there are many ways you can help support our work. Further details can be found on our website www.btf-thyroid.org
Help us support the thousands of thyroid patients who turn to us each year

One in 20 people in the UK live with a thyroid disorder. People of all ages can be affected. And yet awareness about the thyroid’s vital function in our body remains low.

We provide reliable information and support to thyroid patients and their families and are here for anyone wanting to know the facts about their condition.

As a charity, we rely on donations to fund what we do. Gifts we receive from Wills play an essential role in continuing our work.

By remembering the BTF in your Will, you will be helping to ensure we are here for people requiring our support – both now and in the future.
When I was first diagnosed with thyroid cancer it was a shock. Joining my local thyroid community was hugely supportive and has helped me feel less isolated. Having access to information and sharing experiences has been a great help.

It means the world to me seeing my symptoms listed in your leaflets. I now feel I have proof about how I’m feeling.

Your service is really valuable and has reassured me a lot. With all the information available online, it can be easy to get confused about thyroid related issues.
We understand that being diagnosed and living with a thyroid disorder can have a big impact on lives. We are here to help thyroid patients make sense of their diagnosis and be better informed about their condition.

From giving support over the phone, to providing opportunities to meet other patients at BTF information events, your gift would be used to help support people when they most need it.

It would also help improve outcomes for future generations of thyroid patients by funding essential research into thyroid disease.
Leaving a gift in your Will

We understand that remembering a charity in your Will is a very personal gift. However, if you would like to discuss it with us please get in touch:
